## Special Issue – April 1991

The Royal Society of Chemistry celebrates its 150th Anniversary in 1991 and to commemorate this event, a special issue of *Dalton Transactions* will be published in April 1991.

Publication will coincide with the 150th Anniversary Congress which will be held at Imperial College, London (8–11th April 1991).

The issue will include five introductory articles written by Professor M. L. H. Green, Professor N. N. Greenwood, Professor H. Taube, Professor J. Thomas and Professor R. J. P. Williams, as well as a significant number of original research papers at the invitation of the Dalton Editorial Board.

This issue will be included in the 1991 subscription price but will also be available for individual purchase.
