ERRATA

In the December issue on page 11 in reporting the speech made by MR. ROY ANDERSON, Chairman of the Lockheed Corporation, Burbank, at the 1981 Puget Sound Shipbuilding and Repair Symposium, the wording credits Lockheed with having produced the PHM hydrofoil. Lockheed did build the *Plainview (AEGH-1)* a research hydrofoil but the PHM Program has always belonged to Boeing Marine Systems. The *Naval Engineers Journal* apologizes to both Boeing and Lockheed for the mistake.
