LETTERS TO THE EDITOR

The Letters to the Editor section is divided into three categories entitled Notes, Comments, and Errata. Letters to the Editor are limited to one and three-fourths journal pages as described in the Announcement in the 1 January 2001 issue.

ERRATA

Erratum: "The adsorption conformation of chemisorbed pyridine on the Cu(110) surface" [J. Chem. Phys. 114, 1414 (2001)]

J.-G. Lee, J. Ahner, and J. T. Yates, Jr.

Surface Science Center, Department of Chemistry, University of Pittsburgh, Pittsburgh, Pennsylvania 15260

[DOI: 10.1063/1.1368661]

Due to a production error, incorrect versions of Fig. 2 (p. 1415) and Fig. 8 (p. 1418) appeared in the original paper [J. Chem. Phys. **114**, 1414 (2001)]. The values for the exposure of pyridine molecules on Cu(110) indicated in Figs. 2 and 8

should be multiplied by a factor of 0.5. The scale of the X axis in Fig. 8 should be multiplied by a factor of 0.5. The pyridine exposures listed in the caption of Fig. 2 are correct.
